

## **Certified Utility Safety Professional (CUSP), Safety Manager ICON Utility Services – Poway, CA**

### **Job description:**

ICON Utility Services is seeking qualified Certified Utility Safety Professional. The Certified Utility Safety Professional (CUSP) will be deployed to various project locations throughout our client's service territory, San Diego County. CUSP will perform safety management on our utility client's projects. Our client's project work consists of utility micro grid/battery storage site.

Your work may include, but is not limited to:

- Providing Utility Project Safety Support & Management
- Applying utility trade, regulatory, and safety standard knowledge to assist in the safe and reliable operation of the micro grid/battery storage.
- Performing regular field observations and safety audits to reinforce safety and human performance expectations.
- Attending internal and external meetings as required to participate in promoting a strong safety performance by our client, contractors, and subcontractors.
- Coordinating with project managers, planners, and other relevant personnel.
- Investigate incidents, identifying the cause and what alternative control procedures may mitigate the cause in the future.
- Maintaining high service standards, ethics, and professionalism at all times.
- Being a team player.
- Being comfortable in all types of environmental working conditions.

### **Required Qualifications:**

- Certified Utility Safety Professional Certification (CUSP), **must send Certification Card to be considered**
- A Bachelor's degree in related areas such as health and safety, construction management, engineering or business administration is desired OR 5 years equivalent related experience and training.
- CPR/AED Certified
- OSHA 10/30 or Higher
- Excellent written and oral communication skills
- Clean driving record
- Must be able to manage and oversee multiple sites
- Must have strong ability to ***effectively*** communicate with others

### **Additional information:**

Project is at least 13 months. Project is expected to extend well beyond this time period.

Extended hours, and weekends may be required.

Job Type: Full-time
